RESEARCH INTERESTS

My area of interest is **program analysis** and **programming language**. My goal is to develop whole program and incremental program analysis tools to support efficient code inspection in real world project. I'm also generally interested in all programming language related techniques that can be combined with software engineering to improve programmers' productivity.

EDUCATION

M.S. Computer Science, Texas A&M University, 2017-Present
Advisor: Jeff Huang
GAP: 4.0/4.0

B.Eng. Electrical Engineering, Huazhong University of Science and Technology, 2017
GPA: 3.67/4.0 Major GPA: 3.81/4.0

PUBLICATIONS

ICSE 19' (Demo Track) **Yanze Li**, Bozhen Liu, Jeff Huang, "SWORD: A Scalable Whole Program Race Detector for Java"

HONOR AND AWARDS

2017 Excellent Graduated Student at HUST
2015 Scientific Research Innovation Scholarship
2014 3rd Place, China University Cloud Computing Innovation Competition
